Encouraging the development of advanced telecommunications services in rural areas.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares an intent of the legislature to encourage the deployment of advanced telecommunications services in rural areas of the state, and in furtherance thereof, to provide tax exemptions and credits.

Finds that it is in the public interest of all residents of the state to ensure that advanced telecommunications services are deployed in rural areas of the state so that the rural areas of the state may serve as areas for economic development, reduce use of the public highways by encouraging telecommuting through the use of advanced services, and to benefit the environment of the state.

Declares that, as used in this act:

(1) "Rural areas of the state" means those areas that are both (a) outside the limits of any incorporated city of the first class, and (b) outside of a corridor in the counties of Snohomish, King, and Pierce, the width of which corridor is three miles on either side of Interstate 5.

Addressing defenses in civil actions.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that a person who is injured as a result of engaging in criminal activity should not be entitled to recover damages for that injury if the criminal activity was an actual cause of the injury and the circumstances of the injury warrant preclusion of liability as a matter of social policy and common sense. The law provides a complete defense against a personal injury action if the injured person was engaged in a felony at the time of the injury.

Declares an intent to extend this policy to situations involving gross misdemeanor and misdemeanor crimes.

Declares that the defense provided in this act applies only if the injury or death was not caused by an act of the person claiming the defense and, in the case of a personal injury action, the person injured has been convicted of the offense that was a proximate cause of the injury, or in the case of a wrongful death action, the court finds by clear, cogent, and convincing evidence that the person killed committed the offense that was a proximate cause of the death.

Declares that the purpose of this act is to give the department of community, trade, and economic development the authority to issue civil penalties to enforce the provisions of permits issued under RCW 27.53.060 and to take into consideration prior penalties issued under chapter 27.53 RCW and under comparable federal laws when issuing permits. Additionally, this act provides guidance to state agencies and political subdivisions of the state when approving archaeological activities on public lands.

Provides that, when determining whether to grant or condition a permit, the director may give great weight to the final record of previous civil or criminal penalties against either the applicant, the parties responsible for conducting the work, or the parties responsible for carrying out the terms and conditions of the permit, either under this chapter or under comparable federal laws. If the director denies a permit, the applicant may request a hearing as provided for in chapter 34.05 RCW.

Provides that persons found to have violated chapter 27.53 RCW, either by a knowing and willful failure to obtain a permit where required under RCW 27.53.060 or by a knowing and willful failure to comply with the provisions of a permit issued by the director where required under RCW 27.53.060, in addition to other remedies as provided for by law, may be subject to one or more of the following: (1) Reasonable investigative costs incurred by a mutually agreed upon independent professional archaeologist investigating the alleged violation;

(2) Reasonable site restoration costs; and

(3) Civil penalties, as determined by the director, in an amount of not more than five thousand dollars per violation.

Declares that any person incurring the penalty may file an application for an adjudicative proceeding and may pursue subsequent review as provided in chapter 34.05 RCW and applicable rules of the department of community, trade, and economic development.

Requires the approving agency or political subdivision to impose conditions on the scope and duration of the proposed activity necessary to protect the archaeological resources and ensure compliance with applicable federal, state, and local laws.
